Customer:	**Delivery Address:**

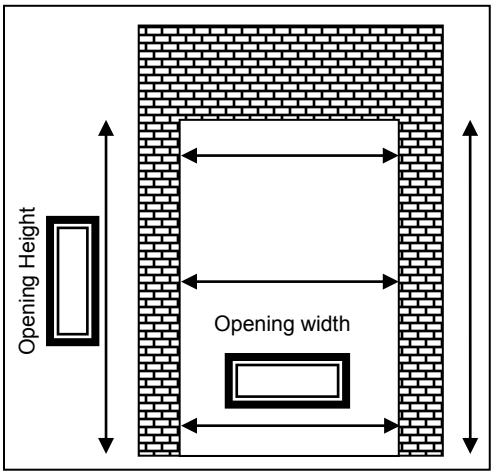
Self-Fit DIY doors that are pre-made and easy to fit

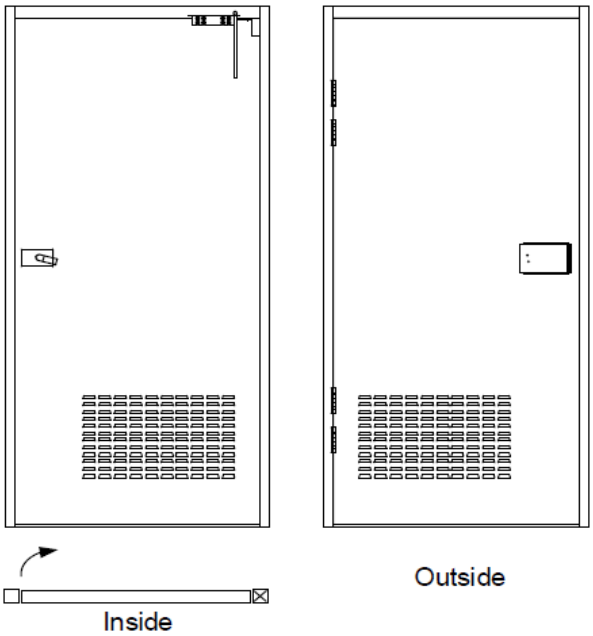
How To Measure

WIDTH: Measure the structural width of the opening in three locations top middle and bottom. Use the smallest figure as your measurement

HEIGHT: Measure the structural height of the opening in two locations left and right side top to bottom. Use the smallest figure as your measurement.

MADE TO MEASURE SIZES: select size width from 970mm to 1450mm x select size height from 2150mm to 2950mm





Door Hinged Right Hand Outward Opening
